

# Hand-watering is an art. But a little science doesn't hurt.

With the growing emphasis on water conservation and quality playing surfaces, an average hose end can't deliver the

precise application pattern you need. The solution: John Deere hose ends. Most are made from high tech aircraft aluminum and

include spray patterns inspired by years of experience. Your greens will know the difference—and so will you.

## CoolShot™ & CoolShot™ Plus with Regulator Shower Nozzles

The new CoolShot's improved shower pattern is now unbeatable for cooling and soaking your greens. CoolShot Plus with regulator includes ON/OFF and flow control.

### CoolShot

- DN075CS CoolShot 3/4" hose thread
- DN075CSL CoolShot 3/4" hose thread, purple\*
- DN100CS CoolShot 1" hose thread
- DN100CSL CoolShot 1" hose thread, purple\*

### CoolShot Plus

- DN075CSP CoolShot Plus 3/4" hose thread
- DN075CSL CoolShot Plus 3/4" hose thread, purple\*
- DN100CSP CoolShot Plus 1" hose thread
- DN100CSL CoolShot Plus 1" hose thread, purple\*

## CoolShot™ Plus with Regulator Economy Shower Nozzle

Not as sexy as its aircraft aluminum brother, but this Economy version of the CoolShot Plus with regulator offers the same great shower pattern and features, high-strength composite construction and a nice lower price.

### CoolShot Plus Economy

- DN075CSPE CoolShot Plus Economy 3/4" hose thread
- DN100CSPE CoolShot Plus Economy 1" hose thread

## Recycled Water I.D. Option

CoolShot, HotShot, CoolShot Plus, nozzles also available in "non-potable" purple.

## HotShot™ with Regulator Multi-Pattern Nozzle

If you could only have one nozzle, this would be it. This heavy-duty HotShot sprays hot spots, jet cleans equipment, and soaks greens.

### HotShot

- DN075HSM HotShot 3/4" hose thread
- DN075HSML HotShot 3/4" hose thread, purple\*
- DN100HSM HotShot 1" hose thread
- DN100HSML HotShot 1" hose thread, purple\*

## FanShot™ Spray Nozzles

Slotted fan spray nozzles designed for various flows both with and without regulators.

### FanShot Nozzles

- DN075FS10 FanShot 10 GPM, 3/4" hose thread
- DN075FS20 FanShot 20 GPM, 3/4" hose thread
- DN075FS30 FanShot 30 GPM, 3/4" hose thread
- DN100FS10 FanShot 10 GPM, 1" hose thread
- DN100FS20 FanShot 20 GPM, 1" hose thread
- DN100FS30 FanShot 30 GPM, 1" hose thread

### FanShot Plus with Nozzles (shown)

- DN075FSP10 FanShot Plus 10 GPM, 3/4" hose thread
- DN075FSP20 FanShot Plus 20 GPM, 3/4" hose thread
- DN075FSP30 FanShot Plus 30 GPM, 3/4" hose thread
- DN100FSP10 FanShot Plus 10 GPM, 1" hose thread
- DN100FSP20 FanShot Plus 20 GPM, 1" hose thread
- DN100FSP30 FanShot Plus 30 GPM, 1" hose thread

### FanShot Plus with 3 Nozzle Combos

- DN075FSP FanShot Plus w/ 3 nozzle combos, 3/4" hose thread
- DN100FSP FanShot Plus w/ 3 nozzle combos, 1" hose thread

## Wetting Agent Applicator

Apply your costly wetting agents evenly and efficiently. On/off, variable flow control unit connects easily to the beginning or end of your hose. Two-tablet (2.5" dia. x 3" length max) capacity yields 2-acre coverage.

### Wetting Agent Applicators

- D075APL Wetting agent applicator, 3/4" hose inlet —3/4" outlet
- D100APL Wetting agent applicator, 1" hose inlet —3/4" outlet

### Wetting Agent Applicators with CoolShot Nozzles (shown)

- D075APLCS Wetting agent applicator, 3/4" hose inlet —3/4" outlet w/ CoolShot
- DN100APLCS Wetting agent applicator, 1" hose inlet —3/4" outlet w/ CoolShot
