

professional tractor powered mowing equipment

The Trimax X-WAM is the new extra wide area roller mower in the Trimax Mowing Systems range. The X-WAM can be purchased as a complete unit or as an attachment for the successful Trimax Pegasus 610 mower. The X-WAM attachment adds two extra mower decks to the Trimax Pegasus 610 and extends the cutting width to 10.4 meters. The main advantage of the X-WAM is the productivity increase, as you can use one tractor, one driver and one mower to cut 2/3 more area.

Key Features:

- Simple innovative design
- Available as an extension to existing Pegasus 610 mowers
- As maneuverable as any other Trimax
- Can be reversed and zero turned
- Folds for compact road transportation
